## **DETAILED ACTION**

## Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-9, drawn to water comprising a metal colloid.

Group II, claim(s) 10 and 13, 14, drawn to a health drink.

Group III, claim(s) 11, drawn to an anti-oxidative stress-related disorder agent composition.

Group IV, claim(s) 12, drawn to an anti-aging composition.

Group V, claim(s) 15 and 16, drawn to an anti-autoimmune disease agent.

Group VI, claim(s) 17, drawn to a living organism-applicable fluid.

Group VII, claim(s) 18-22, 27 and 28, drawn to water.

Group VIII, claim(s) 23, drawn to anti-oxidative agent.

Group IX, claim(s) 24, drawn to anti-hepatic damage composition.

Group X, claim(s) 25, drawn to anti-ischemia/reperfusion agent.

Group XI, claim(s) 26, drawn to living organism-applicable composition.

The inventions listed as Groups I-XI do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group VII recites a

composition comprising water. Water is a known compound that possesses two hydrogen atoms and one oxygen atom. Applicant is attempting to claim a known composition used in a variety of different formulations used from drinking to treating the liver.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
